JASECI

One language. A whole AI stack. Endless possibilities.

AI HACKATHON 2026

Powered by Jaseci Labs

17th October 2026
8:00 AM onwards · In person

Measurements Laboratory
Dept. of Electrical Engineering, University of Moratuwa

THE OPPORTUNITY

Why participate?

Turn your ideas into working AI-powered products using Jac, an open-source, AI-native programming language that brings agents, data, backend and frontend together.

- Turn ideas into real AI products
- Compete for exciting prizes
- Learn, collaborate and innovate

JASECI

THE FORMAT

At a glance

3
people per team

1 day
Saturday 17 October

Free
meals included

On-site
University of Moratuwa

All
skill levels welcome

80%
of the code in Jac

JASECI

SATURDAY 17 OCTOBER 2026

Schedule for the day

8:00 AM	Registration and check-in
9:00 AM	**Hacking begins**
5:30 PM	**Submission deadline: project and demo video**
After 5:30 PM	Judging
Evening	**Winners announced, the same day**
8:00 PM	Event closes

JASECI

IN PERSON

On the day

Food provided

Morning snack
Lunch
Evening snack

Jaseci team on-site

On hand throughout the day to help with Jac and Jaseci

Venue

Measurements Laboratory,
Department of Electrical Engineering
University of Moratuwa

JASECI

WHAT'S AT STAKE

Prizes: $1,000 in total

1st place

$500

2nd place

$300

3rd place

$200

Winners are announced on the day, at the venue.

JASECI

MAIN TRACK · HACK THE FUTURE WITH JAC

Judging criteria

- **Technical execution**
- **Excellent use of Jac and Jaseci**
- **Creativity and innovation**
- **Depth of agentic behaviour**
- **Impact and novelty**
- **Clear presentation and demo video**

After 5:30 PM: top 6 pitch on stage

We will select the 6 best projects. The selected teams pitch their solution on stage to decide 1st, 2nd and 3rd place.

JASECI

DUE 5:30 PM · SUBMISSION LINK WILL BE SHARED

Submission checklist

- ✓ **GitHub link** — code must be at least 80% Jac
- ✓ **Demo video** of the working project, by 5:30 PM
- ✓ **Pitch deck** presenting the project
- ✓ **Written description**, incl. how you used Jac or Jaseci tools
- ☆ **Star the Jac repo** — github.com/jaseci-labs/jac
- ☁ **Encouraged:** Host on Jac Hammer (free sandbox)

JASECI

PRIZE ELIGIBILITY

The rules

01 Every team member registers and checks in on the day

02 Demo video submitted by 5:30 PM

03 All coding happens during hacking hours; brainstorming before is fine, and repos are checked

04 3 people per team

05 One project per team

06 Submit through the shared link on time; late entries can't win

07 Working software that meaningfully uses Jac (80% or more)

08 Be kind and build in good faith; misrepresenting a project means disqualification

JASECI

GET READY BEFORE THE DAY

Jac & Jaseci

Jac is the AI-native programming language from Jaseci Labs. Jac Hammer lets teams host their apps, free on the sandbox.
